What I need from you

The more individual and personal the better, for example:

Where was he/she born? What school? First job? Family details? Interests? Sports? etc! etc! etc!

A couple of photos will do, just to get a rough idea of likeness – we're not into a 'Royal Portrait'!

Just by way of giving you a little inspiration here are some of the questions you could look into:

Where was he/she born?

Where did he/she go to school, university?

What did his/her father/mother do for a living?

What was he into as a young person?

Where did he/she meet their spouse?

Where has he/she lived?

Where does he/she go on holiday?

What music does he/she like?

What are his/her favourite wines?

Does he/she like restaurants and if so which ones?

Did he/she have any odd jobs when they started out?

Does he/she travel a huge amount and if so do they like/hate it, any amusing stories re' trains, planes or cars?

Does he/she have any pets, if dogs what sort plus names etc.

How many years has he/she been married?

Does he/she ski or do any extreme sports?

Does he/she like art, theatre, literature etc. can you expand on that, favourite writers, dramatists, painters etc.

How about the garden, his/her house?

Does he/she have any amusing habits, catchphrases, quirks etc.

And so on and so on and so on !!!

I'll need the reference material first, then I'll do a sketch which I will scan and email directly to you.

At this point any changes, additions, subtractions etc. can be made or even better you could say...**I love it, Carry On!!**

I require payment of 50% of the total cost on receipt of the initial concept sketch.

The final artwork will arrive in due course and prompt payment of the remaining 50% would be hugely appreciated.
